

OUR WINES

Under the Kenefick Ranch label we produce 5 varietal red wines – Cabernet Sauvignon, Cabernet Franc, Merlot, Pickett Road Red (a blend of Petite Verdot, Merlot & Cabernet Franc and Petit Sirah – plus 2 white wines – Sauvignon Blanc & Pickett Road White (a blend of Marsanne, Grenache Blanc & Viognier).

Under the Kenefick label we produce 2 wines – Founder’s Reserve and Doctor’s Cuvee. The latter paying homage to the Kenefick family lineage as doctor’s (Tom’s grandfather and father were both physicians). The Doctor’s Cuvee is a cabernet sauvignon based blend of fruit from our best blocks and best clones. The Founder’s Reserve is a classical blend of all five Bordeaux varietals. Both wines are fermented in 100% new French Oak barrels and held in bottle for 1 year before release.

At Kenefick Ranch, the wine-making begins in the vineyard and is completed in the cellar – our philosophy places equal emphasis on both. We use native yeasts, hand-crafted techniques and new French Oak integration to produce new world wines with soft tannins and a naturally higher acidity. “Our philosophy is to achieve perfect equilibrium, offering approachability at an early age, but with enough structure to cellar for ten to twenty years,” says winemaker Kent Jarman. Balanced and well-structured, Kenefick Ranch wines deliver, whether you drink them now or later. Noted wine critic Robert Parker cites, “. . . these Kenefick Ranch wines merit serious attention. Moreover, their prices make them good bargains given their lofty quality.”
